Biographie de l'auteur Jane Austen (1775 1817) was an English novelist whose works of romantic fiction, set among the British middle class, earned her a place as one of the most widely read writers in English literature. Her realism and biting social commentary has gained her historical importance among scholars and critics, though her work brought her little personal fame and only a few positive reviews during her lifetime. Her plots, though fundamentally comic, highlight the dependence of women on marriage to secure social standing and economic security.
