The alien Arachnids were an enemy whose like no civilized race had ever confronted, overrunning planet after planet. The "Bugs" regarded any sentient species as a handy protein source. Defeat was not an option. The Grand Alliance of Humans and other races has been driven to the wall. Whatever they do, the Bugs just keep coming.Reluctantly, they now must reactivate General Directive 18, however horrible it may be. Because when the only possible outcomes are victory or racial extermination, only one option is acceptable: The Shiva Option.Insurrection:And peace isn't always wonderful. Once the enemy was defeated, the central governments of the Inner Worlds were anything but willing to relinquish their wartime powers. To insure that their grip on the reins of power

remained firm, the establishment plans to allow the non-human beings of the Khanate to join the Federation, thus reducing the Fringe Worlds voting bloc to impotent minority status. The ruthless bureaucrats of the Corporate Worlds are smugly confident that this power play will keep the colonial upstarts in their place. But the Fringers have only one answer to that: Insurrection. At the publisher's request, this title is sold without DRM (Digital Rights Management).

David Weber is the author of the New York Times best-selling Honor Harrington series, and is often compared to C.S. Forester (the celebrated creator of Captain Horatio Hornblower). His novels range from epic fantasy (Oath of Swords, The War God's Own, Wind Rider's Oath) to breathtaking space opera (Path of the Fury, Empire from the Ashes) to military science fiction with in-depth characterization (the bestselling Honor Harrington series, War of Honor being the latest, and the popular Starfire series written in collaboration with Steve White). He lives in South Carolina with his wife Sharon and their three children. Steve White was an officer in Naval Intelligence, and served in the Mediterranean and the Vietnam War Zone. In addition to the Starfire series written in collaboration with David Weber, he has written several popular science fiction adventure novels for Baen. They include the trilogy comprising The Disinherited, Legacy and Debt of Ages, which combine fast-paced space opera with Arthurian mythology. He has also written the galaxy-spanning adventure Prince of Sunset, and its sequel Emperor of Dawn. His latest is Eagle Against the Stars. He currently works for a legal publishing company in Charlottesville, Virginia. He is married and has three daughters.
