Description : Description du produitI had nothing like an offensive weapon in my hands but the silver hatchet, which is the badge of the Sultan's gardeners and farmers. I threw it at the robbers, with an intention to frighten them away, and set the poor bee at liberty; but, by an unlucky turn of my arm, it flew upwards, and continued rising till it reached the moon. How should I recover it? how fetch it down again?

Prsentation de l'diteurThe fantastic story of the semimythical folk hero who has delighted generations of readers all over the world Published anonymously in 1785, The Surprising Adventures of Baron Munchausen defies logic, the laws of physics, and even rational thought. Karl Friedrich von Munchausen,

also known as the Baron of Lies, was a retired army captain famed for his outlandish accounts of his war and hunting exploits. In this memoir, Munchausen regales readers with stories of dancing in the belly of a whale and riding on a horse cut in two. Other escapades include a balloon expedition to the moon, an encounter with the goddess Venus, a fiery battle with the Turkish army, and the experience of being swallowed up by a monstrous creature in the South Seas. It was not until 1824 that Rudolf Erich Raspe was revealed as the books author. Although most of Munchausens tales sprang from Raspes imagination, the author is reputed to have known the notorious baron personally. This ebook has been professionally proofread to ensure accuracy and readability on all devices.
